WHO WE ARE

For more than five decades, Altrad Sparrows has been a trusted partner to the global industrial and energy sectors. We specialise in engineering, inspection, maintenance, refurbishment, and mechanical handling solutions, supporting asset owners, operators, and equipment OEMs across a wide range of industries. Our commitment to safety, reliability, and innovation ensures your operations run efficiently – from routine inspections to complex lifting and mechanical handling challenges.

AREAS OF EXPERTISE

- Cranes and lifting equipment
- Crane operators
- Mechanical handling and bespoke lifting solutions
- Provision of skilled and certified specialist personnel.

APPROVED SUPPLY PARTNERS

- Bosch Rexroth
- Parker Hannifin
- Zollern.

F4OR STATUS

Altrad Sparrows has completed the Fit For Offshore Renewables (F4OR) programme, achieving F4OR granted status. Strengthening our brand in renewables, the process improved business excellence and our sector specific expertise. This accreditation shows our commitment and capability for supplying our existing service offering to the renewables industry.
