

BRADEN[®]

Authorized winch service center

Get your equipment serviced and repaired in Qatar's first and only Braden authorized service center

We are delighted to introduce Qatar's first and only Braden authorized winch service center in Doha.

As an authorized service and supply partner with Braden for over 30 years, we have a wealth of experience in working with their winches.

Established to provide support to existing and new Braden customers in Qatar, our service center can provide a variety of support services for Braden equipment. All of our service personnel are Braden trained.

Ensuring
reliability,
safety and
compliance

DELIVERY ASSURED

Equipment servicing and repair

Maintenance of your winch is critical to ensure its integrity and at our service center we have the capability to service and repair all types of Braden equipment.

Our dedicated workshop and team of technicians are able to support you to plan your maintenance activities and ensure the efficient servicing of your critical equipment.

By scheduling regular servicing you can minimize the risk of costly repairs, but if you do require a fix, our repair service ensures your equipment is repaired to Original Equipment Manufacturer (OEM) standards.

This includes the full Braden range of:

- Planetary hoist winches
- Pneumatic hoist winches
- Recovery winches
- Gearboxes / planetary drives
- Other utility products

New equipment supply and installation

We are also a Braden authorized distributor of new Braden winches and we can support you to choose the right winch for your requirements.

Our personnel are on hand to assist with installation and can provide advice on best practice usage and ongoing maintenance so that you can get the most out of your new purchase.

1. Hoist winch
2. Winch test bay
3. Patented Braden brake valve
4. Optional grooved drum
5. Multi-stage planetary gearbox
6. Oil level sight glass

Spare parts supply

As the only Braden authorized spare parts distributor in the area we can provide cost effective and rapid deployment of Braden spare parts.

Spare parts management with us means we will support you to implement an efficient parts strategy. We help you to develop your strategy and ensure you have the right spare parts in stock, mitigating the risk of prolonged downtime in the event of an unplanned breakdown of equipment.

This can be key to your performance if your winch is a critical piece of equipment in your ongoing operations.
